3 Housing

THE BRIGHT SIDE NEIGHBORHOOD A PROPOSED ECONOMIC AND SOCIALIZED HOUSING SUBDIVISION

SITE DESIGN AXONOMETRIC VIEW:

DESIGN OBJECTIVES:

- To create a science based housing design for post pandemic healthy environment
- To build a community that maintains physical, mental and social well being that promotes healthy and sustainable lifestyle.
- To have an stimulating environment that supports the day to day circumstances of the residents to experience an enjoyable affordable and efficient household.
- To develop a home instead of just a house, that prevents stress and health issues.
- To reduce risk factors for NCDs and underlying social determinants through creation of health-promoting environments.
- This project aims to invite people to come to the park and make a more healthy lifestyle.

SITE ANALYSIS:

Site located at Poblacion Mahayag, Zamboang del Sur with a total lot area of 43,397.63 sq.m.
Municipality's Population: 50,000

MATERIALS: Cited Materials are used for its purposes of achieving a salutogenic design. vegetations and landscape are given.

DESIGN GOAL AND CONCEPT:

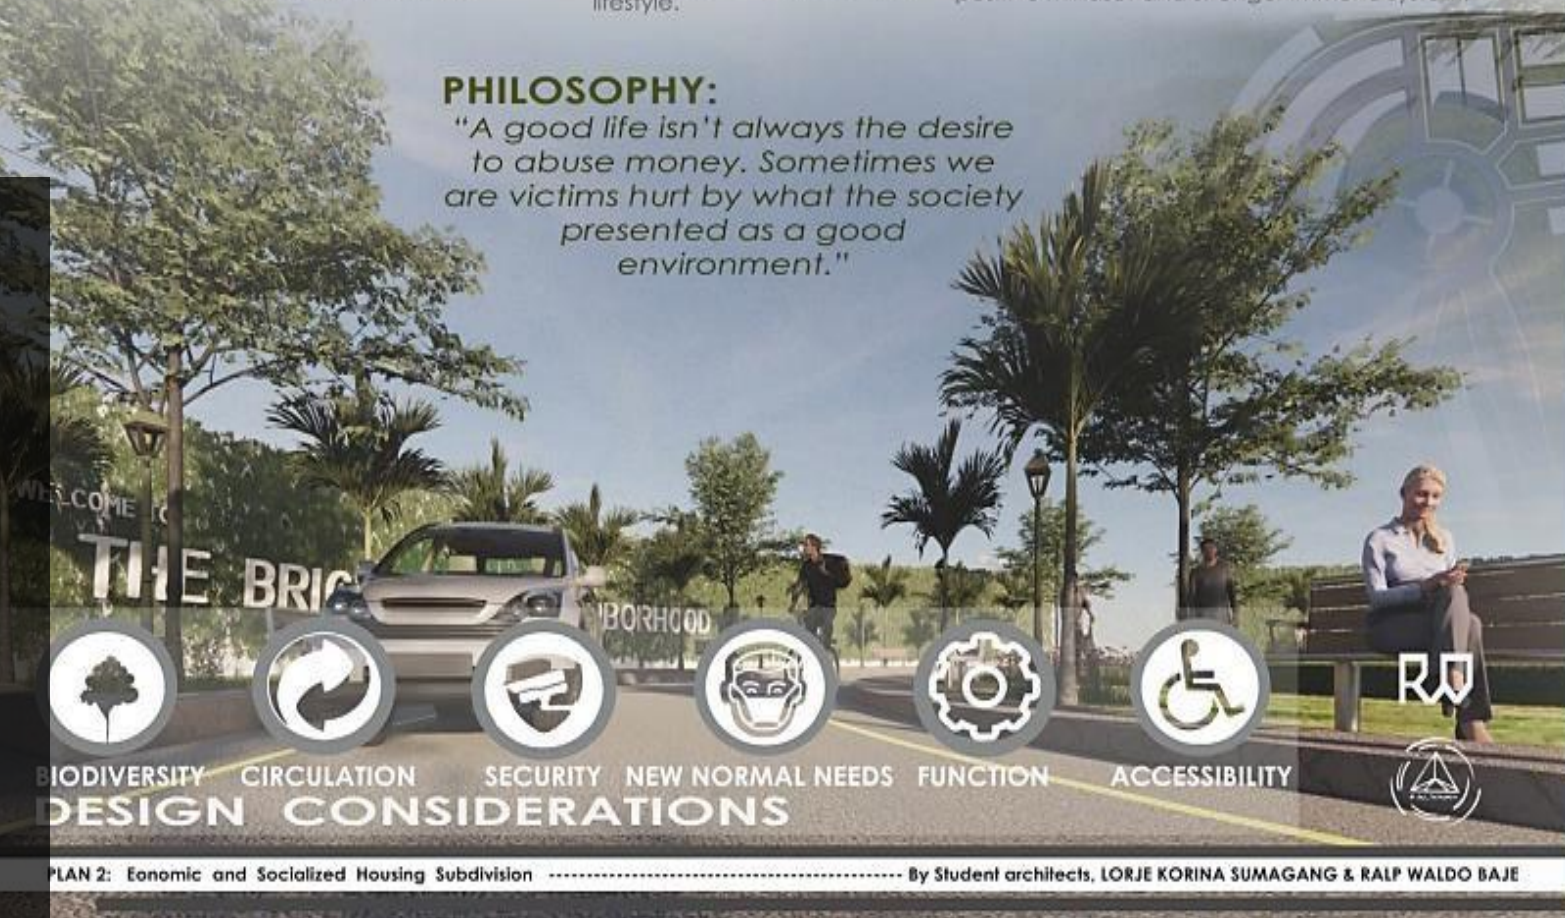

The goal of this project is to give birth to the most appropriate solution for the unfair and inorganized environment of the municipality of Mahayag. It plans to incorporate salutogenic design that focuses on factors that support human health and well being. Since people with fewer social connections have more proinflammatory cytokines and might even get sick more often, the project promotes green architecture and envelopes biophilic design that connects residents more closely to nature. This would help the little proteins in our brains, with their capacity to induce feelings of such misery and euphoria, reshape the brain resulting to a much positive mindset and stronger immune system.

PHILOSOPHY:

"A good life isn't always the desire to abuse money. Sometimes we are victims hurt by what the society presented as a good environment."

OZAMIZ CITY'S PEOPLE'S PARK

HUGPAANAN

OZAMIZ CITY IS A 3RD CLASS COMPONENT CITY IN THE PROVINCE OF MISAMIS OCCIDENTAL, PHILIPPINES. ACCORDING TO THE 2020 CENSUS, IT HAS A POPULATION OF 140,334 PEOPLE. OZAMIZ IS POLITICALLY SUBDIVIDED INTO 51 BARANGAYS.

DUE TO THE LOCATION OF THE CITY, OZAMIZ ENJOYS SEVERAL NOTABLE SHOPPING CENTERS WITHIN ITS CITY CENTER. PEOPLE FROM MISAMIS I PARTS OF LANAO DEL N PARTS OF ZAMBOANGA I SUR WILL ARE SOME OF THE CONSUMERS AND SHOPERS OF THE LAND.

THE THEME OF THE PARK IS INSPIRED IN THE BELIEF THAT THE CITY OF OZAMIZ, GREW OUT OF AN OLD SPANISH TOWN CALLED "MISAMIS". A NAME BELIEVED TO HAVE BEEN DERIVED FROM THE SUBANEN WORD "KUYAMIS", A VARIETY OF COCONUT.

THE IDEA OF THIS LANDMARK IS TO HIGHLIGHT THE HISTORY OF OZAMIZ CITY AND HOW IT WAS THREATENED BY THE PIRATE ACTIVITIES FROM THE NEIGHBORING PROVINCE LANAO. THE SYMBOL, VISIBLE FROM THE TOP VIEW ORIENTATION OF THE SITE, DEPICTS ODIN'S EYE, WHICH SIMPLY REPRESENTS THE RELATIONSHIP BETWEEN PERCEPTION AND WORDLY UNDERSTANDING. IN OTHER WORDS,

"No sacrifice is too great in search for knowledge. Hence, good life is earned through hardwork and sacrifice."
